Bainbridge Island: Boil water advisory ends for Emerald Heights

OLYMPIA — A health advisory for customers of Emerald Heights Water, Inc., on Bainbridge Island ended today. Lab tests confirm the water is safe to drink.

The state Department of Health issued the precautionary advisory on Friday after a water main broke. This could have allowed contaminants to enter the water system.

The advisory affected 79 homes in the Emerald Heights and Deer Ridge subdivisions, as well as a few homes along Opal Ridge Road.

Emerald Heights customers who have questions about their water may call 206-780-7850.
